

Our Name Says It All.

Support Your Community While Promoting Your Business

Build Goodwill and Brand Awareness While Supporting Your Local Schools

Sponsorship of your local *School Coupons*® Fundraising Program clearly positions your company as one involved in the community and concerned about meeting educational needs.

School Coupons is one of the first fundraising programs to involve entire communities in a unified goal – with overwhelming results! Our system-wide programs are among the most financially successful fundraising programs in the nation, with retained earnings exceeding one million dollars annually.

Additionally, *School Coupons* Programs provide a catalyst for developing business partnerships that benefit all involved. This annual event creates community awareness, commands extraordinary media attention, promotes business involvement, offers a product of true value – something rarely found in traditional fundraising plans.

School Coupons System-wide and Market-area Programs touch all facets of each of the communities we serve. More than a simple coupon book, *School Coupons*® provides an integrated campaign involving marketing and advertising support, training, incentives, and ongoing consultation. While the campaign is an annual event, the program

is a year-long effort. Sponsor opportunities are available at varying levels of participation – Presenting Sponsor, Corporate Sponsor, Media Partner, and Corporate Patron.

School Coupons Program sponsors have included professional baseball, basketball, hockey, and soccer franchises; major soft drink bottlers; fast food chains; banks; radio, newspaper, and television affiliates; major retailers; grocers; and entertainment companies.

A limited number of sponsorship packages are available in each market, with each sponsor receiving product category exclusivity.

For more information on sponsorship of *School Coupons* Programs in your area, or to schedule a personal consultation, call 800-626-0335.
